

Science Overview of topics for 2022/23

Physics	Chemistry	Biology
---------	-----------	---------

	A1	A2	L1	L2	T1	T2
Y1	Ongoing: Seasonal Changes <small>(Look at the seasons as they change)</small>	Everyday Materials	Animals including humans	Science Fair	Plants	
Y2	Uses of everyday materials		Living things and their habitats	Science Fair	Animals including Humans <small>(Health and Growth)</small>	Plants
Y3	Forces and Magnets	Rocks, Fossils and Soils	Light	Science Fair	Animals	Plants
Y4	States of Matter	Electricity	Changing Sound	Science Fair	Animals including humans	All living things
Y5	Earth and Space	Properties and changes of materials	Forces	Science Fair	Living things and their habitats	Animals (with Journey in Love)
Y6	Electricity	Light	Science Fair	Animals Including Humans	Evolution and inheritance	Living things and their habitats <small>(Must be done in this order)</small>

Science Fair: Mrs Phillipson will organise a whole school science project with chn presenting their findings in a science fair. The rest of the half term to be dedicated to going over missing topics and STEM activities and projects.
